PART I – HOSTING NEW ZEALAND GOLF EVENTS

The ongoing development of New Zealand's elite golfers could not happen without a comprehensive tournament programme. New Zealand Golf is indebted to the clubs that provide their facilities and work with its tournament staff in staging events, and making it possible for clubs to enjoy the chance to host a national event, gain recognition from the experience, and where possible, make a profit from the exercise.

Every year New Zealand Golf approaches a range of clubs to host future events, with the objective of securing a venue two to three years in advance.

New Zealand Golf pays a financial grant to each host club to assist in the running of the event, and endeavours to ensure that clubs are not disadvantaged financially by hosting.

PART II – INTERNATIONAL TOURNAMENTS

1. MEN'S TOURNAMENTS

1. ***Eisenhower Trophy*** (*Men's World Amateur Team Championship*)

The Championship is conducted by the International Golf Federation, which comprises national governing bodies of golf in more than 100 countries. The World Amateur Team Championship is a biennial international amateur golf competition which is rotated among three geographic zones being Asia-Pacific, American and European-African.

Teams of two or three amateur golfers play 72 holes stroke play over 4 days. The total of the two lowest scores by players from each team constitutes the team score for each round. The team with the lowest score after 72 holes will hold the Eisenhower Trophy.

2. ***Trans Tasman Cup***

The Trans Tasman Cup, introduced in 2007, is played annually at alternating venues between Australia and New Zealand. The men's Clare Higson Trophy and Sloan Morpeth Trophy and the women's Tasman Cup and Junior Tasman Cup events are played under the umbrella of the Trans Tasman Cup.

(i) ***Clare Higson Trophy***

Teams for this event originally comprised six players under 26 years of age who had not represented Australia or New Zealand in a senior team. The first match was sponsored by Precision Golf Forging Australia Pty Limited and it was agreed to name the trophy in honour of the late Clare Higson who had founded that company and played a prominent role in the golf equipment industry. Since 1993 the Clare Higson Trophy has been for Juniors under the age of 19 years.

From 2007, teams of four men compete in morning foursomes and afternoon singles matches, in the two day tournament.

(ii) ***Sloan Morpeth Trophy***

Sloan Morpeth, who presented the trophy to the Australian Golf Union and the New Zealand Golf Association in 1956, was a New Zealander whose early years were spent in Taranaki.

In 1927, when thirty years of age, Sloan was appointed from forty-seven applicants as residential secretary of Titirangi Golf Club. Two years later he left New Zealand to take up an appointment as Manager of the Commonwealth Golf Club, Melbourne.

In the ten years before he left New Zealand, Sloan Morpeth achieved a splendid record, winning the Open Championship in 1928 (at Balmacewen) and the Amateur Championship in 1920, 1927 and 1929. Whilst at Commonwealth he also served as Secretary of the Australian Golf Union and after his retirement his services were widely sought as one of Australia's leading golf course architects. He attended the 1965 Match (at the Christchurch Golf Club) and died early in 1970.

With the introduction of the Four Nations Championship in 1987, the Sloan Morpeth Trophy has been played for at that biennial event.

Teams of four men compete in morning foursomes and afternoon singles matches, in the two day tournament.

3. ***Asia Pacific Teams Championship***

In 1963 Shun Nomura, the then President of the Japan Golf Association, donated a trophy to be competed for at the Asia-Pacific Teams Championship. The tournament is held biennially between nations of the Asia-Pacific region which compete for the Nomura Trophy. New Zealand's participation in the event, which is regarded as the second most important amateur tournament behind the Eisenhower Trophy, began in 1979. The Asia-Pacific is played over 72 holes stroke play with the best three out of four scores counting each round.

4. ***Four Nations Cup***

The Four Nations Cup was introduced in 1987 and is contested biennially between Australia, Canada, New Zealand and Japan.

5. ***Southern Cross Cup***

The Southern Cross Cup was introduced in 1999 and is contested biennially between Argentina, Australia, New Zealand and South Africa.

2. **WOMEN'S TOURNAMENTS**

1. ***Espirito Santo Trophy (Women's World Amateur Team Championship)***

The Espirito Santo Trophy was presented by Mrs Ricardo Espirito Santo of Portugal for biennial competition between teams of women amateur golfers. The competition was to be known as the Women's World Amateur Team Championship.

The first Championship, held at St Germain Golf Club in 1964, was sponsored by the French Golf Federation and held under the

Chairmanship of Vicomtesse de Saint Sauveur. Later this tournament became part of the programme of the World Amateur Golf Council. The Trophy was donated by the Espirito Santo family - a strong Portuguese golfing family. The trophy belonged to the Tsar of Russia Nicholas II. After the 1917 Russian revolution and the assassination of the Romanov family, all their valuable belongings were disposed of in different auction sales. The Espirito Santo family bought this 'Cup'.

In 1964 the silver trophy was gold plated, but over the years the gold has rubbed off.

2. **Queen Sirikit Cup**

The Queen Sirikit Championship, an Asian-Pacific Golf teams event held annually, aims to promote friendship, sportsmanship and the standard of golf for women.

The Championship was inaugurated in Thailand in 1979 at Navatane Golf Course. Teams compete for the prestigious Queen Sirikit Cup; a beautifully handcrafted trophy donated by H.M. the Queen of Thailand. The winning team receives a replica of the Queen Sirikit Cup. The participating teams include: Hong Kong, India, Japan, Korea, Malaysia, Singapore, Sri Lanka, Thailand, Australia, Philippines, Indonesia, New Zealand and The People's Republic of China. The Chinese Taipei Golf Association became the 14th member of the Championship event in 1998.

3. **Commonwealth Tournament**

The Commonwealth Trophy was presented by Nancy Viscountess Astor, C.H. and the Ladies Golf Union for competition, once every four years, between teams of women amateur golfers from Commonwealth countries.

The LGU of Great Britain is the co-ordinating body and the tournament is played in fixed rotation every four years in the competing countries, currently being Great Britain, Australia, Canada, New Zealand and South Africa. Each country is entitled to nominate six players and a captain, who may be playing or non-playing. The captain decides the order in which the team will play.

The competition is match play format. Each team match consists of two foursomes and four singles, each over 18 holes. The foursomes is played in the morning and the singles in the afternoon.

4. **Trans Tasman Cup**

The Trans Tasman Cup, introduced in 2007, is played annually at alternating venues between Australia and New Zealand. The men's Clare Higson Trophy and Sloan Morpeth Trophy and the women's Tasman Cup and Junior Tasman Cup events are played under the umbrella of the Trans Tasman Cup.

(i) **Tasman Cup**

In 1933 New Zealand and Australian women's amateur golf teams commenced competing biennially in the Tasman Cup. From 2007, with the introduction of the Trans Tasman Cup, the event is held annually.

Teams of four women compete in the two day tournament, the format being morning foursomes and afternoon singles match play.

(i) ***Junior Tasman Cup***

The Junior Tasman Cup was introduced in 1983 and New Zealand and Australian junior women's amateur golf teams competed in the biennial event. From 2007, with the introduction of the Trans Tasman Cup, the event is held annually.

Teams of four women compete in the two day tournament, the format being morning foursomes and afternoon singles match play.

PART V – NEW ZEALAND GOLF SUSPENSION OF PLAY PROCEDURE *(Effective April 2006 for all events conducted by New Zealand Golf)*

The New Zealand climate is such that we can often be challenged by nature and are required to cease play on occasion.

The Tournament Committee will monitor the effects of rain on the playing surface and when an unfair situation occurs (an accumulation of casual water around the hole) play will be suspended.

When in match play inclement weather affects play, the match must continue from where it was discontinued. In stroke play a round can be abandoned and replayed.

On the very rare occasion there may be potentially dangerous situations, with the two most likely being lightning and severe winds.

How suspensions and the resumption are indicated –

1. *Suspension of play* – three consecutive short notes of a hand siren
2. *Suspension of play for dangerous situation* – one prolonged note of a hand siren
3. *Resumption of play* – two short notes of a hand siren.

Rule 6-8 illustrates what players are permitted to do in each situation after the siren has sounded –

1. Suspension of Play

If the players in a match or group are between the play of two holes (i.e. walking to the next tee) they must not resume play until the resumption siren sounds.

If the players in a match or group have started the play of a hole, they may either discontinue play immediately or continue play of the hole, provided they do so without delay. Play must be discontinued after the hole as been completed.

2. Suspension of Play for Dangerous Situation

Play must be discontinued immediately following a long blast on the siren. If a player fails to discontinue play immediately, he is disqualified.

Lifting ball when play discontinued - Rule 6-8c

When a player discontinues a hole (either normal suspension or dangerous situation) he may mark the position of his ball and lift it without penalty.

Procedure when play resumed – Rule 6-8d

Play must be resumed from where it was discontinued, even if it is a different day. If the marker has moved it must be estimated and the ball placed on the estimated spot.

2. *Entries*

Each *Club* (within the definition contained in the New Zealand Golf Constitution) is eligible to enter one team of four (4) amateur male players within the area of their district event, with each District Association responsible for setting the appropriate fee.

The rules of play will be the Rules of Golf as approved by R & A Rules Ltd and Local Rules. It is a condition of the tournament that only those brands of balls published in the current Approved Lists of 1.68 balls which have been tested by the R & A or USGA and found to conform with the rules, may be used. The penalty for use of a brand not listed is disqualification.

The Committee permits each team to appoint one person, e.g. team captain or coach, who may give advice (including pointing out a line for putting) to members of that team. Such person shall be identified to the Committee prior to the start of the competition.

- (i) Each team will select one player to represent them in a sudden death play-off;
- (ii) The Committee shall determine the order of holes of such play-off.

Should circumstances preclude a play-off on the same day of competition the winner will be determined as follows:

- (i) The team with the lowest fourth player score in the second round will determine the tie
- (ii) If there is still a tie the lowest fourth player score in the first round will be used;
- (iii) If there is still a tie the winner will be decided by lot.

5. *Format of Competition*

The competition will be conducted at three levels:

- (i) District Play-offs
- (ii) Regional Play-offs
- (iii) National Final.

Each registered club will be eligible to enter one team of four (4) amateur male players within the area of their district event with play conducted under the control of the District Association.

3. **Club Team**

A Club team will comprise three members -

- (b) The leading Silver Division player and the two leading Bronze Division players, if a Club has only an Open Championship (either stroke play or match play).

- (c) Open Match or Stroke Play Championship: If a prescribed team member (see 3(b) above) is unavailable, the Club may substitute the next available player who finished closest to the winner in her division.

5. *District Final*

- (a) The competition will be 36 holes gross stableford played on the one day.
- (b) A Club's team score will be the aggregate of the three team members' individual 36 hole gross stableford scores.

- (d) Each District must complete the Gross Stableford Rosebowl District Results form provided by New Zealand Golf and send it, together with original scorecards clearly marked a.m. and p.m. rounds to reach New Zealand Golf no later than 28 November in each year.

Example 1:

GSA -	Second 18	Last 9	Last 6	Last 3	Last 1
Team A	59	26	17	7	2
Team B	59	26	16	8	3

Team A wins on countback – Last 6 holes

Example 2:

GSA -	Second 18	Last 9	Last 6	Last 3	Last 1
Team A	59	26	16	8	2
Team B	59	26	16	8	3

Team B wins on countback – Last hole

- (e) If a player wishes to use a motorised cart, prior to the commencement of play, she must produce a medical certificate for sighting by the Match Committee.

6. *National Final*

- (a) The national winner will be determined using Adjusted Gross Stableford scores.

Method:

The gross stableford score of each District winning team will be adjusted by six times the difference between the Course Rating (CR) and the par of the course on which its District Final was played (i.e. 3 players x 2 rounds = 6 individual rounds, so the adjustment to the team total is the difference x 6.) If the CR is higher than the par, the Adjusted Gross Stableford score will be higher than the actual gross stableford score; if the CR is lower than the par, the Adjusted Gross Stableford score will be lower than the actual gross stableford score.

Example 1

Course Rating 72.2 Par 71 (Course Rating higher than par)

Total team Gross Stableford score 119

CR - Par is $72.2 - 71 = 1.2$ (per 18 hole gross stableford score)

3 players, 2 rounds each, so total adjustment = $1.2 \times 6 = 7.2$

Adjusted Gross Stableford = $119 + 7.2 = 126.2$

Example 2

Course Rating 72.2 Par 74 (Course Rating lower than par)

Total team Gross Stableford score 119

CR - Par is $72.2 - 74 = -1.8$ (per 18 hole gross stableford score)

3 players, 2 rounds each, so total adjustment = $-1.8 \times 6 = -10.8$

Adjusted Gross Stableford = $119 - 10.8 = 108.2$

Important: It is always Course Rating minus Par, **not** Par minus Course Rating (or the adjustment would go the wrong way.)

- (b) In the event of a tie a countback on the last 18, 9, 6, 3 or 1 hole will be done using the appropriate proportion of the original adjustment e.g. half when using the second 18 holes, quarter if it has to go to the last 9 holes, and so on.
- (c) The National winning team will receive the Gross Stableford Rosebowl.

3. **18 Hole Home Links**

Handicap Indices greater than 40.4) may compete but must play off a course handicap not exceeding such as determined by a handicap index of 40.4. *(Note: If a Club's ruling on playing rights for Local Handicappers does not permit them to play at the same time as the women's competition is played, this ruling will override their eligibility to compete in the competition.)*

- (i) The dates for LGU Medal competitions must be fixed and published at the beginning of the year. They may be programmed more than once a month during the playing season. A Club may hold more than one LGU Medal competition in the same week.
- (ii) If a Club has members who cannot play regularly on the fixed LGU Medal day because of business, professional, scholastic or other commitments, the committee may arrange, at its discretion, for such specified players to take part in the competition on another day within 7 days of the main Medal day. The list of eligible players shall be drawn up by the committee at the start of the season and alterations shall be made only with their sanction. Shift workers may compete on whatever day they are free irrespective of when they played in the previous month.

- (iii) When a club has more than one course the LGU Medal competitions for any divisions need not all be played on the same course throughout the year.
- (iv) Change of Date: The date of LGU Medal competitions can only be altered should the course be closed for any reason, or pronounced unavailable or unplayable by the committee or its authorised representative (Rule of Golf 33-2d). Any such postponed match must be played within two calendar months of the date originally fixed, and not later than 31 December of the current year. Where a Club has more than one club day and, for example, the Silver division plays on one day and the Bronze divisions on another, each is treated as a separate entity and postponement of one would not affect the other. The same applies if the divisions are split.
- (v) It is at the Club's discretion whether or not to permit the use of a motorised cart.

(c) **Eligibility**

- (i) All Full Playing Members (*'Full Playing Member'* means a full, active 18 hole member of a Club) with a Handicap Index not exceeding 40.4 are eligible to compete in the LGU. Players holding Local Handicaps (i.e. Handicap Indices greater than 40.4) may compete but, subject to the above *Note*, must play off a course handicap not exceeding such as determined by a handicap index of 40.4. Scores returned in the LGU Medal competitions are the only ones eligible to count for the Silver and Bronze medals. Should only one player in any division compete in an LGU Medal competition, her score must be recorded and count for LGU Medal purposes.
- (ii) A player need not return more than four scores.
- (iii) There shall be no compulsory entrance fee for players competing in an LGU Medal competition, but the committee may make its own conditions regarding entry fees for any club prizes given in connection with LGU Medal competitions.
- (iv) A player who is a Full Playing Member of more than one Club is entitled to compete in LGU Medal competition at each of these clubs, and may even play in two LGU Medal competitions on the same day, provided they are not played on the same course.

(d) **Draw**

All clubs should draw the Silver and Bronze divisions separately, if possible.

(e) **Award of Medals**

- (i) The LGU Medal for a division shall be awarded to the player with the lowest aggregate of best four net differentials returned in LGU Medal competitions whilst she is eligible to compete in that division.

- (ii) A player who changes divisions during the year may compete in both (or all) divisions, but the winning of a medal in a lower handicap division cancels the winning of a medal in a higher handicap division at the same Club in the same year. For example, a player who wins the Silver medal cannot also win the Bronze I medal, and a player who wins the Bronze II medal cannot also win the Bronze III medal, etc.
- (iii) Example of a player's four best net differentials:

Gross Score	Course Hcp	Net Score	Course Rating	Net Differential
96	24	72	70.2	+1.8
96	24	72	70.2	+1.8
92	24	68	70.2	-2.2
93	22	71	70.2	+0.8
Total Net Differential				+2.2

- (iv) There must be at least two players in a division who return four scores before a medal for that division will be awarded by New Zealand Golf.
- (v) Ties: If two or more players in a division tie there shall be a play-off to decide the winner. The players will use their current Handicap Indices and if possible play together, with a marker.
- (vi) In the case of a further tie the committee may decide whether to:
- have a further play-off, or
 - purchase another medal and make a joint award.
- (f) **Replacement of Lost LGU Medals**
 LGU Medals can be purchased by the Club Secretary from the New Zealand Golf.

PART VIII – GENERAL COMPETITIONS

These notes are only intended to assist in the general concept of how various competitions are played. They must be read in conjunction with the Rules of Golf and in particular the Committee shall lay down the conditions under which a competition is to be played (Rule 33). New Zealand Golf will not, except in the most exceptional circumstances give a decision on any query submitted, when play is conducted otherwise than in accordance with the Rules.

1. HANDICAP ALLOWANCES

Handicap allowances have no effect in determining NZG Handicap Indices, however their use is recommended to produce fair and equitable competition.

To make proper use of handicap allowances the following steps must be followed:

- Step 1 Players must first determine Course Handicap (from tees played)
- Step 2 Players should then apply the handicap allowances for the appropriate format
- Step 3 Finally, if players are competing from different tees or men and women are competing from the same tees (see Sections 3-5 and 9-3c of the Handicap Section), players must apply the adjustment for the difference in NZG Course Rating from the tees played.

Example using a men's NZCR 67.8 and a women's NZCR 70.6 where the handicap allowance is 60/40 percent

Men's Team

Player A Handicap Index 21.6 Course Handicap 23

Player B Handicap Index 12.7 Course Handicap 13

Step 1 Determine Course Handicap from tees played

Player A	23
Player B	13

Step 2 Apply the handicap allowance for the appropriate format

- o The player with the lower Course Handicap is allowed 60 percent of Course Handicap. The player with the Higher Course Handicap is allowed 40 percent of Course Handicap. The total is rounded off with fractions of .5 or more rounded upward.

Sixty percent of Player B's handicap is 8 ($13 \times 60\% = 7.8$, rounded to 8)

Forty percent of Player A's handicap is 9 ($23 \times 40\% = 9.2$)

Men's team handicap will be 17 (8 + 9)

Mixed Team

Player E (Man) Handicap Index 12.7 Course Handicap 13
Player F (Woman) Handicap Index 23.1 Course Handicap 24

Step 1 Determine Course Handicap from tees played

Player E	13
Player F	24

Step 2 Apply the handicap allowance for the appropriate format

- o The player with the lower Course Handicap is allowed 60 percent of Course Handicap. The player with the Higher Course Handicap is allowed 40 percent of Course Handicap. The total is rounded off with fractions of .5 or more rounded upward.

Sixty percent of Player E's handicap is 8 ($13 \times 60\% = 7.8$ rounded to 8)

Forty percent of Player F's handicap is 10 ($24 \times 40\% = 9.6$, rounded to 10)

Step 3 If players are competing from different tees apply the adjustment for the difference in the NZG Course Rating from the tees played. In mixed foursomes one-half of the difference between the ratings is added to the course handicap of each team with the resulting figure rounded off to the nearest whole number (.5 or more is rounded upward).

- o The difference to be applied is 1 stroke ($70.6 - 67.8 = 2.8 / 2 = 1.4$ rounded to 1)

Player E's handicap is 8

Player D's handicap is 10

Mixed team handicap will be 19 ($8 + 10 = 18 + 1 = 19$)

In mixed foursomes strokes are based on the men's stroke allocations.

Women's Team

Player C Handicap Index 23.1 Course Handicap 24
Player D Handicap Index 18.2 Course Handicap 19

Step 1 Determine Course Handicap from tees played

Player C	24
Player D	19

Step 2 Apply the handicap allowance for the appropriate format

- o The player with the lower Course Handicap is allowed 60 percent of Course Handicap. The player with the Higher Course Handicap is allowed 40 percent of Course Handicap. The total is rounded off with fractions of .5 or more rounded upward.

Sixty percent of Player D's handicap is 11 ($19 \times 60\% = 11.4$)

Forty percent of Player C's handicap is 10 ($24 \times 40\% = 9.6$, rounded to 10)

- Step 3 If players are competing from different tees apply the adjustment for the difference in the NZG Course Rating from the tees played.
- o The difference to be applied is 3 strokes ($70.6 - 67.8 = 2.8$, rounded to 3)

Player C's handicap is 11

Player D's handicap is 10

Women's team handicap will be 24 ($11 + 10 = 21 + 3 = 24$)

3. SUGGESTIONS FOR OTHER COMPETITIONS

Where handicap allowances are referred to, they should be read in conjunction with Sections 9-3 and 9-4 of the Handicap Section of this manual.

American Foursomes: Both players use their own ball for their tee shot and play their partner's ball for the second shot. A decision is then made as to which ball is nominated as the 'ball in play.' Play proceeds as in Foursomes with the owner of the ball selected playing the third stroke. (An interesting match play competition can be played using American Foursomes format, especially if the opposition is permitted to nominate which ball is played. This can be on every hole or a nominated number of holes. It is not allowable to nominate a ball which is out of bounds.)

Allowance: The player with the lower Course Handicap is allowed 60 percent of Course Handicap. The player with the higher Course Handicap is allowed 40 percent of Course Handicap. The total is rounded off with fractions of .5 or more rounded upward.

Canadian Foursomes: In Canadian Foursomes stroke play, two players play as partners. Each player plays from the teeing ground and then select the ball with which they wish to score and play that ball alternately to complete the hole. After handicap allowances are determined, apply NZG Handicap Manual Section 9-3c(iii) in competitions from different tees, or in competitions between men and women from the same tees.

Allowance: 40 percent of the partners' combined Course Handicap.

Greensome Foursomes: Both players use their own ball for their tee shot and their second stroke. One ball is then selected and the play proceeds as in foursomes.

Allowance: The player with the lower Course Handicap is allowed 60 percent of Course Handicap. The player with the higher Course Handicap is allowed 40 percent of Course Handicap. The total is rounded off with fractions of .5 or more rounded upward.

Scotch Foursomes: Partners play alternate strokes with one ball continuously, e.g. if player A holes out, player B drives from the next tee irrespective of whether or not they played the previous tee shot.

Allowance: 50 percent of the partners' combined Course Handicap.

Par: In par play the score is entered on the card in the same way as in stroke play. It is the custom that when a player is beaten by par, the ball shall be picked up. This helps speed up play.

After entering the stroke score on the card, the result is marked in the column provided with a '+' sign for a win, an 'o' for a half and '-' for a loss. At the end of the round the plus and minus signs are added and the net result written in as so many "up", "down" or "all square".

A player is allowed their full course handicap and the strokes are taken at holes as indicated on the card. Where the course handicap is more than 18, two strokes will be allowed on the number of holes that the handicap exceeds 18. These strokes will be taken in the same order as followed for the first 18 holes unless the index goes beyond 18.

Bisque Par: This is played against par, but with the allowable strokes taken wherever the player wishes, rather than at the holes set down on the card. Strokes taken must be decided upon when marking the card hole by hole, and not at the conclusion of the round. e.g. A player with a six on a five par may use one of her strokes for a half, two for a win, or none for a loss.

Four Ball Stroke Play vs Par: Two players play as partners each taking strokes at holes as in a par competition. If one of the partners wins a hole and the other halves it, only the win is counted. If one halves a hole with par and the other loses it, only the half is counted and so on. Plus ('+') , half ('o') and minus ('-') signs are added at the end of the round and recorded as in an ordinary par competition. In a four ball handicap event care must be taken to mark the scores of each player in separate columns headed by the initials of the player. If the scores are mixed and it is impossible for the Committee to check the card the players will be disqualified.

As in four-ball stroke play, two competitors play as partners, each playing their own ball. The lower of the partners' scores is the score for the hole (Rules of Golf, Rule 31 and Definitions). After handicap allowances are determined, apply NZ Golf Handicap Manual Section 9-3c in competitions from different tees, or in competitions between men and women from the same tees.

Hidden Holes: The player does a medal round, taking off their Course Handicap and recording the net score. The person in charge of the competition has an outsider choose one or more holes, and the player's scores on these holes are subtracted from the net score. The player with the lowest score is the winner. e.g. A player has a net 75. On the three chosen holes, they scored 6, 5 and 4. $6+5+4=15$ which is deducted from their net score: $75-15 = 60$.

Hidden Holes - Alternative Method: The player records their medal score. Nine holes are chosen at random by an outsider and these are counted, half the handicap being deducted and the winner being the player with the best net score.

Flag Match: The first player hitting off in a competition carries a flag with a label attached. When they reach the place where they have played the number of strokes required to play to the par of the course plus their handicap, they place the flag in the ground on this spot. Any player following who has not played their quota of strokes may move the flag forward. On reaching the place where they have used up all their strokes they place the flag there, marking their name on the label. A player who still has some strokes in hand must continue on down the nineteenth until they have used up those strokes, e.g. No.1 on a three handicap on a course with par 71 must place the flag where their 74th stroke has landed. No.2 following, and on an 18 handicap, is allowed 89 strokes. If when they reach the flag they are only 85, they move it to the position they are in after four more strokes.

All Irons Competition: The players use no woods, but irons for all shots even from the tees. In the competition conditions the committee should stipulate what constitutes an iron, e.g. 'traditional style irons only may be used' or 'recovery irons may not be used'. The winner is the player with the best net, gross, or stableford, as decided prior to play. *Note: Scores made under this competition are not acceptable for handicap purposes. See 5-1(f) of the Handicap Manual.*

Eclectic: Competitors play two or more rounds and the eclectic score is the lowest score obtained at each hole on the rounds. Sometimes the competitions extend over the whole season and the total score for the holes is subject to the deduction of a proportion (e.g. half) of the player's handicap on the last day of the competition.

Teams Eclectic: The same idea is used for teams of three or four, when only the best net or stableford score in the group is recorded for the team score on each hole. All scores should be recorded on the card. The one used for the team score should be ringed, then carried out to one column for the team score.

Ambrose: Team stroke event, usually played by two, four, six or eight, but can be any number. Each player plays a tee shot at each hole. The team captain then selects the best drive and a marker is placed near it. All players retrieve their balls and in turn play their second shots from the marked spot. The ball in the best position is chosen again and this procedure continues until the ball is holed. This event can be played as a gross event with each group having a spread of handicaps, or as a handicap event where a fraction of the aggregate handicaps is used e.g. one-eighth for a team of four. This is an excellent introductory game for groups of beginners or juniors.

Three Ball Ambrose: Advantage over normal ambrose is that it can be played in sixes. Each member of the team tees off and captain selects best drive from which position the two players whose ball was not selected play. The best of these two shots is then played by the person whose shot was not selected and the original owner of the tee shot. This continues on until the ball is in the hole, with the selection of each shot resulting in the owner not playing. Handicap allowance is 25% of combined course handicaps. *Normally it is compulsory to use at least five tee shots from each player. Not as slow as a normal ambrose as only two balls per team in play after the tee shot.*

Pembroke Ambrose: Four players per team. Advantage over normal ambrose is that it can be played in eights. All team members tee off and one is selected as the 'ball in play.' The owner of that ball does not play but the other three do. The second shot is selected and the owner does not play but the other two do. The third shot is selected and the owner of that ball does not play but the remaining players do. If a fifth shot is required, the person whose tee shot was taken plays. This continues until the ball is holed. Each team member must have at least four of their tee shots used. Handicap allowance of 25% of combined handicaps. *A quick round even if played in eights is the norm. Playing in eights allows a field in excess of 500 in one day.*

Yellow Ball Teams Event: Players play this stableford competition in teams of four. A team captain is appointed to control the playing order. The playing order is decided before play begins. Each player must tee off with the 'yellow ball' four times, and the person with the 'yellow ball' tees off first. Scoring for each hole is the 'yellow ball' stableford points which are tripled ($2 \times 3 = 6$ or $0 \times 0 = 0$) and the other two best stableford points for each hole. If the 'yellow ball' fails to score a point, three stableford points are deducted from the other two counting scores. For holes 17 and 18 (does not matter where you start) there is no 'yellow ball' all four stableford points are added together. *(Verdict: This is unusual and enjoyable with players having the added pressure of playing the 'Yellow Ball' on some holes. It is surprising what a difference it makes and you soon find out whom your friends are if you fail to score!)*

Russian Roulette Stableford: On each hole the two players who are partners multiply their stableford points together for their combined score. *Note:* Anything multiplied by zero equals zero.

Rabbits Stableford: Teams of two, three or four. Multiply all team members' Stablefords together after each hole to get team score for that hole. Example for a three member team - 2, 2, 3 = 12 Stablefords or 4, 2, 0 = 0 Stablefords.

Two Persons Ambrose/Four Ball Best Ball/Foursomes Stableford: The competition is played over 18 holes with each of the Ambrose/FBBB and Foursomes formats being played over six holes each, as determined by the match committee. The same six holes are used for each format whether or not a one tee or multiple tee start is used. For example holes 1 – 6 Ambrose; holes 7 – 12 FBBB; holes 13 – 18 Foursomes.

Allowance: Ambrose and Foursomes – 50 percent of partners' combined Course Handicap. *(Note: In a mixed team, strokes are received based on the men's allocation.)*

Four Ball Best Ball – 100 percent of Course Handicap. (See Section 9-4 (b) (ii) for full information on handicap allowance. *(Note: In a mixed team, strokes are taken as assigned on the players' respective stroke allocation tables. For example, if men*

are playing the middle tees and women are playing the forward tees, strokes must be taken by men as they are allocated from the middle tees and by women as they are allocated from the forward tees.)

PART IX – ANNUAL AWARDS

1. MARILYNN SMITH (USA) GOLFER OF THE YEAR

The trophy for this award was purchased from funds presented to the New Zealand Ladies Golf Union by Miss Marilyn Smith, a highly rated USA professional golfer, after she toured New Zealand in 1964.
